STATEMENT OF INTENT

It is our policy to conduct our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety, and welfare
- Provide and maintain safe systems, equipment, and machinery
- Ensure safe handling, storage, and use of substances
- Provide appropriate information, instruction, and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries, and ill-health
- Assess risks, record significant findings, and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

ORGANISATION

1. Employer Responsibility

The employer is responsible for making sure that risks are managed so far as is reasonably practicable.

The employer will:

- Set clear Health and Safety policies and procedures
- Ensure that health and safety has a high profile
- Provide adequate resources for health and safety to meet the school's legal responsibilities as well as compliance with this policy
- Consult and advise staff regarding health and safety requirements & arrangements
- Periodically monitor and review local health and safety arrangements
- Monitor both compliance with, as well as the effectiveness of this policy

- Identify a lead Governor for health and safety who will actively monitor and promote health and safety across the school by raising matters with the headteacher as necessary

This policy will reflect the requirements of the Health and Safety at Work etc. Act 1974 by outlining arrangements to ensure, so far as is reasonably practicable, the health and safety of staff, students and others affected by the organisation.

The duties of the Board of Governors include the duty to monitor and regularly review the Health & Safety Policy for the school.

2. Responsible Manager

The Responsible Manager for the premises is *Rebecca Mitchell*, Headteacher.

The Responsible Manager will act to:

- Ensure the school adopts the employer's policies and procedures
- Develop a safety culture throughout the school / premises
- Consult staff and provide information, training, and instruction so that employees are able to perform their various tasks safely and effectively
- Consult and work with recognised Trade Union Safety Representatives/employee representatives and safety committees
- Assess and control risk on the premises as part of everyday management
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure periodic safety tours and inspections are carried out
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure staff are aware of their health and safety responsibilities
- Ensure staff are aware of relevant and up to date information with respect to health and safety. Information can be found on the school computer network – Staff Health and Safety in the Staff Handbook, the school Health and Safety notice board in the staffroom and relevant information is emailed to staff regularly throughout the year as part of the WAAG (week at a glance document) starting in February 2024.
- Periodically update governing bodies/partnerships as appropriate
- Produce, monitor, and periodically review all local safety policies and procedures
- Ensure all new staff are given the appropriate Health and Safety induction

3. All Staff (including Volunteers)

All employees have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Engaging in the school's health and safety induction (introduced for new staff from February 2024).
- Supporting the school's health and safety arrangements

- Read the Health and Safety Policy and make note of amendments when notified.
- Ensure all training that is assigned to them is completed and carried out as required.
- Read and understand the regular Health and Safety updates through the WAAG (Week at a Glance document)
- Ensuring their own work area always remains safe
- Where any new process or operation are introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented.
- To ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to Health and Safety, and they will appropriately monitor those new staff
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to the Headteacher/Site Manager and recording using the defect reporting procedure

[This PC](#) > [Teacher Resources \(T:\)](#) > [2\) Key Whole School Documents](#) > [1\) SITE MANAGER JOB REQUESTS](#)

- Reporting any incident that has led, or could have led to damage or injury immediately to the headteacher or site manager.
- Assisting in investigations due to accidents, dangerous occurrences, or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others
- Keeping the premises tidy and not obstructing fire exits or routes.
- Will wear appropriate footwear that enables them to safely move quickly if necessary and also does not pose a risk to themselves or children. The school also recommends the staff do not wear open toe sandals, if they do, they do this at their own risk.

4. Safety Committee

The role of the safety committee is to assist in the assessment of safety related matters and provide appropriate support to the Headteacher. The safety committee periodically meet to monitor and discuss on-site health and safety performance and recommend any actions necessary should performance appear or prove to be unsatisfactory. The safety committee will be informed of all changes in practices and procedures, new guidance, accidents, incidents, and risk related matters.

The safety committee consists of:

Headteacher
Site Manager
Business Manager
Health and Safety Governor

The committee will meet half-termly.

Specific Health and Safety Responsibilities

1. Accident Investigator

The Accident investigators are *Steve May* (Site Manager) and *Sally Wyatt* (Business Manager).

The Accident Investigator will attend accident investigator training every 3 years. The on-site trained accident investigator will lead on all on site accident investigations in accordance with departmental and corporate procedures.

2. Asbestos Nominated Responsible Person

The Nominated Responsible Person (NRP) for Asbestos is *Steve May* (Site Manager).

The NRP will attend the Hampshire Scientific Services Asbestos awareness taught course on appointment. They will also complete the Asbestos e-learning course annually

3. COSHH Assessor

The COSHH Assessor is *Steve May* (Site Manager).

The COSHH Assessor will attend the COSHH assessor training course every 3 years.

The COSHH Assessor is the competent person for the assessment of all the hazardous substances on the premises. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

4. DSE Assessor

The DSE Assessor is *Sally Wyatt* (Business Manager).

The DSE Assessor will attend the DSE assessor training course every 3 years

The on-site trained DSE Assessor's role is to support the school with assessing the needs of the DSE Users in accordance with departmental and corporate procedures

5. Facilities Management Trained Staff

The Fire Safety Co-ordinator (FSC) is *Steve May* (Site Manager).

The Fire Safety Co-ordinator will attend the Fire Risk Assessment Principals and Practice training course every 3 years.

The (FSC) is the competent person for fire safety on the premises and acts on behalf of the Headteacher. The FSC is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

6. Health & Safety Representative

The H&S Representative is *Steve May* (Site Manager).

The premises Health and Safety Representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. They are expected to promote a positive safety culture throughout the premises and perform the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

7. Legionella Nominated Responsible Person

The Nominated Responsible Person (NRP) for Legionella is *Steve May* (Site Manager).

The NRP will complete the Legionella e-learning course annually.

The NRP for Legionella on the premises acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely

The NRP will ensure that all periodic and exceptional recording, flushing, cleaning, and general legionella management tasks, are correctly completed and recorded in accordance with departmental and corporate requirements. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or Property Services as required.

8. Risk Assessors

The Risk Assessors are *Steve May* (Site Manager) and *Sally Wyatt* (Business Manager).

The Risk Assessors will attend Risk Assessor training every 3 years.

The Risk Assessors acts on behalf of the Headteacher to ensure risk assessments are completed and hazards are identified and managed

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

9. Work at Height

The competent person for work at height on the premises is *Steve May* (Site Manager).

They will attend the Caretaking Support Service Ladder & Stepladder Safety course every 3 years.

The competent person for working at height acts on behalf of the Headteacher and will ensure work at height is carried out safely

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Emsworth Primary School and are used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and employees to act and do everything possible to prevent injury and ill-health to others. This will be achieved as far as is reasonably practicable, by the implementation of these arrangements and procedures

1. Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses are conducted in accordance with the Hampshire County Council procedure requirements

Any accident, incident or injury involving staff, visitors, contractors, and the more serious accidents/incidents to pupils will be reported on the HCC Accident/incident reporting system (online or via the paper version stored in the Site Manager's office. If the paper version is used, then it will need to be added on to the online system as soon as practical).

A copy of the completed incident report is automatically received by the Children's Services Health & Safety Team, the person who reported the incident, and the Manager/Accident Investigator.

Following the completion of an online accident report, an investigation must be carried out as soon as practicable after the accident. Managers will receive an email request to complete an investigation, with a link to the investigation form.

Minor accidents to pupils will be recorded in the First Aid Record book located in the shared class areas with the First Aid kits or in Office Resources (O:) > School First Aid Record 23-24 and then the appropriate class.

The Children's Services Health and Safety Team will review every incident reported on the online system and identify which are notifiable to the Health & Safety Executive (HSE) under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations (RIDDOR). If reportable, the Children's Services Health

and Safety Team will report the incident to the HSE, and a copy of the report will be sent to the school.

The Headteacher will ensure that the governing body/senior management is informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Administration Office for trend analysis to prevent reoccurrences. The governing body should be regularly updated on monitoring and any trends identified.

Community Users/Hirers/Extended Services must report all incidents related to unsafe premises or equipment to the school, who will report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

2. Asbestos Management

Asbestos management on-site is controlled by the Nominated Responsible Person (NRP) for Asbestos. The asbestos register, as issued by the Asbestos Team is located in the reception area and is to be shown to all contractors who may need to conduct work on site. Contractors and anyone undertaking intrusive work must read and sign the register prior to being permitted to commence any work on site.

The Responsible Manager and the NRP will complete the asbestos checklist relevant to their role (one for each role) when they are appointed. Copies of these will be retained with the asbestos register.

The Responsible Manager, NRP and any other employees who may disturb the fabric of the building will complete the Asbestos Awareness e-learning annually. The NRP (and other employees who may carry out invasive works) will also attend the Hampshire Scientific Services half day attendance course once.

Any changes to the premises' structure that may affect the asbestos register information will be notified to the Asbestos Team in order that the asbestos register may be updated accordingly.

Under no circumstances must contractors or employees drill or affix anything to walls that may disturb materials without first checking the register to ensure it is safe to do so and/or obtaining approval from the NRP.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and/or the NRP who will immediately act to cordon off the affected area and contact the Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building will be immediately stopped from working and immediately reported to the Headteacher and/or NRP.

3. Community Users/Hirers/Extended Services

The Headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed and shared with all relevant parties
- The risk assessment for the premises is shared with the users/hirer
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

4. Contractors on Site

For HCC schools, contractors will be selected from HCC minor works framework where possible. If the minor works framework cannot be used, the Selection of Safe Contractors Assessment Checklist will be used to ascertain competence and suitability prior to engaging their services. The school's Management Surveyor will be contacted for further guidance

All contractors must report to reception where they will be asked to sign the visitors book and asbestos register. All contractors will be issued with the local written contractors induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

All employees are responsible for monitoring work areas and providing appropriate levels of supervision

5. Curriculum Activities

All safety management, risk assessments and maintenance of equipment for curriculum-based activities will be conducted under the control of the relevant Department Heads and subject teachers. They will use the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council

6. Display Screen Equipment

All Display Screen Equipment (DSE) users will complete the display screen equipment e-learning course annually.

All DSE users will carry out periodic workstation assessments using the Corporate Workstation Assessment Form. Findings from the workstation assessments will be

actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

DSE users have the right to request regular free eyesight tests and be reimbursed towards spectacles if required for DSE use

7. Electrical Equipment

The Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair electrical equipment
- Equipment is not used if found to be defective in any way
- Defective equipment is reported & immediately taken out of use until repaired or disposed of
- All portable electrical equipment is inspected/tested at intervals of annually.
- Equipment testing/inspection is conducted by a competent person. The competent person is, Hooper Services Ltd.
- Personal electrical equipment is not brought onto the premises or used unless it is approved by management and has been tested
- New equipment is added to the work equipment inventory and PAT testing/inspection schedules.

Any defective or suspected defective equipment, systems of work, fittings etc. will be removed from use, reported to the Site Manager and repaired or disposed of as soon as possible.

8. Emergency Procedures

The Headteacher will ensure that emergency procedures for non-fire related emergencies (gas leak, bomb threat, flooding etc.) are in place.

All employees will receive information, training and instruction on the non-fire emergency procedures and evacuation plans on induction. Employees will be periodically provided with updated information as the emergency procedures are routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans will be completed and reviewed for any vulnerable persons to ensure provision of safe, assisted evacuation in the event of an emergency incident.

9. Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The Fire Safety Co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related queries on site.

The Headteacher as Responsible Manager will ensure through the Fire Safety Co-ordinator that:

- All employees complete the mandatory fire safety induction e-learning course every year
- Fire safety information is provided to all employees at induction and periodically thereafter
- Fire evacuation procedures, fire safety training and fire equipment inspection and testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire manual is reviewed annually by the Fire Safety Co-ordinator, the Headteacher, and Governors making the necessary amendments
- Information from the fire risk assessment is shared with employees annually

The Responsible Manager will ensure that Evacuation Marshals are in place to assist in fire evacuation.

10.First Aid

Arrangements regarding first aid provision are set out in The First Aid Policy. The names and locations of the first aid trained staff on site are listed in the First Aid Policy and clearly signposted around the school.

A First Aid Needs Assessment will be carried out to determine the level of first aid provision required and is completed by Administration Officer annually.

First aid provision will be regularly monitored, and equipment checks recorded.

First aid is never to be administered by anyone except first aid trained employees with in-date training certification, operating within the parameters of their training.

11.Glazing

Glass and glazing on-site has been surveyed by Property Services and risk assessed by the school. The survey and assessment document is kept electronically **on Concerto** and is reviewed and updated every 3 years or when there are changes to the premises and/or glazing

Any damaged glazing will be reported to the Site Manager and made safe and replaced as soon as possible.

12.Housekeeping

Good housekeeping is an essential factor in effective health and safety. The following conditions will be adhered to:

- All corridors and passageways kept free from obstruction
- Shelves in storerooms and cupboards stacked neatly and not overloaded
- Floors kept clean, dry, and free from slip and trip hazards
- Emergency exits, and fire doors not obstructed in any way
- Supplies stored safely in their correct locations

- Rubbish and litter cleaned and removed at the end of each working day
- Poor housekeeping or poor hygiene conditions reported

13.COSHH

Hazardous substances, materials, and chemicals are not permitted to be used on-site until:

- Safety data sheets have been obtained
- A written COSHH assessment is completed by the trained COSHH assessor
- The product is approved for use by the Headteacher

When using a hazardous substance, employees will ensure that adequate precautions are taken to prevent ill-health and injury to themselves and others. Employees will be trained before using a hazardous substance and must follow safe working practices and use protective equipment if identified in the COSHH assessment.

All hazardous substances are stored appropriately in locked and clearly labelled stores in accordance with the relevant safety data sheets. Hazardous substances are stored in the cleaning cupboard and garage within Emsworth Primary School.

14.Inspections and Monitoring

It is the responsibility of all employees to monitor the condition of their workplace throughout the day. Monitoring and inspections of individual departments is carried out by Department Heads and/or the subject teachers as nominated by the Headteacher.

Periodic documented inspections of the premises will be carried out every term in accordance with the premises inspection schedule. Inspection findings will be recorded on the locally adapted Premises Safety Inspection Checklist.

All defects identified must be reported to Steve May (Site Manager) and recorded in the online Site Manager job request form: T:\1) SITE MANAGER JOB REQUESTS. Any identified high-level risks or safety management concerns will be addressed/actioned at immediately in consultation with the Headteacher.

The termly H&S web monitoring form will be completed by the Headteacher or Business Manager. The monitoring form focuses on different areas each term and is an integral part of the School's and Children's Services Health and Safety Team's monitoring programme.

15.Kitchens

The main kitchen area is only to be used by authorised employees/third party.

The main kitchen is managed by HC3S. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Other kitchen areas, canteens, food preparation areas are managed by staff holding a Level 2 Food Hygiene Certificate.

Where kitchens are managed by third parties, relevant safe systems of work and risk assessments will be shared between the third party and school

16.Legionella

The Legionella Nominated Responsible Person (NRP) will manage and undertake all processes regarding Legionella in accordance with Hampshire County Council corporate procedure. They will:

- Record sentinel point temperatures on the online reporting system
- Regularly flush unused outlets
- Report any alterations to the water system
- Undertake descaling and disinfection

17.Lone Working

A risk assessment will be carried out to categorise each lone workers role and the risk presented, in accordance with the Corporate Lone Working Procedure

Lone working will only take place:

- With the Headteacher's approval
- Following risk assessment
- Where it cannot be avoided

The lone working arrangements for employees who undertake lone working on this site is recorded on the Lone Working Risk Assessment.

18.Minibuses

All minibus drivers will complete suitable training prior to being permitted to drive and carry out checks on minibuses. MiDAS training is recommended.

Minibuses will be fit for purpose and in safe condition. Drivers will complete and record pre-use checks before every journey. Minibuses will be inspected and serviced within the timeframes required for the vehicle and it's age.

19.Moving and Handling

All employees will complete the moving and handling e-learning course every year without exception.

Employees are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment, or children unless they have attended specific moving and handling training.

The Site Manager is expected to undertake regular physical work which would typically include regular moving and handling; therefore, they will attend a formal moving and handling course specific to the work requirements.

All moving and handling tasks are risk assessed before they are undertaken in accordance with the Corporate Moving and Handling Procedure.

20.Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Hampshire Outdoors procedures and guidance.

21.Provision of Information

The Headteacher will ensure that employees are periodically provided with information regarding safety arrangements. This information is shared via the WAAG emailed to all staff.

Visitors and Contractors are provided with Health and Safety Information on arrival via the signing in tablet.

The Health and Safety Law poster is displayed in the staff room.

Local health and safety advice is available from the Headteacher / Site Manager and the Children's Services Health & Safety Team can provide both general and specialist advice which is available on their website or on request

22.Risk Assessment

Risk assessments will be carried out where a significant risk is identified or is reasonably foreseeable.

The trained risk assessors will oversee the completion of risk assessments. Risk assessments will be carried out by employees with the appropriate knowledge and understanding of the area, task or equipment being assessed.

All risk assessments and associated control measures will be approved and signed by the Headteacher.

Completed risk assessments are listed in the assessment register in the Site Manager's office and will be reviewed periodically in accordance with the risk assessment review schedule.

Employees will be informed, where appropriate, of hazards and control measures identified in risk assessments. Risk assessments will be shared with employees and relevant third parties periodically and when there are changes.

23.Smoking

Smoking and use of e-cigarettes/vaporizers is not permitted on school premises.

24.Stress & Wellbeing

Emsworth Primary School is committed to promoting a high level of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with employees will be periodically reviewed and acted upon in accordance with the Health & Safety Executive's Stress Management Standards - staff questionnaire.

School arrangements to monitor, consult and reduce stress situations are

- Wellbeing included on the agenda for staff meetings
- Wellbeing lead in place with mental health training completed
- Procedures, such as automatic replies on emails to ensure staff are able to protect non-working hours.

25.Traffic Management

The school will develop a written Traffic Management Plan with arrangements regarding on-site traffic safety. The plan includes:

- A site plan diagram showing traffic and pedestrian routes, loading and parking areas
- Site plan check sheet
- Safe system of work; this can be included in the site plan check sheet
- Risk assessments where necessary

A copy of which is in the Site Managers office and if relevant visitors and contractors will be referred to this.

Arrangements will be shared with employees and relevant third parties.

26.Training

Health and safety induction training will be provided and recorded for all new employees, including temporary workers and volunteers in accordance with the New Staff Induction Checklist.

The Headteacher will ensure that all employees are provided with adequate information, instruction, and training regarding their safety at work. Training needs

analysis will be conducted, from which a comprehensive health and safety training plan will be developed and maintained.

All employees will be provided with the following training as a minimum:

- Induction training including the requirements of the school health and safety policy
- Local training including risk assessments and safe working practices
- Information following health and safety policy or procedural changes
- Relevant annual e-learning courses to meet mandatory corporate training requirements
- Role specific training
- Refresher training as required

Training records are held by *Sally Wyatt* (Business Manager) who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all employees.

27. Violent Incidents

Violent, aggressive, threatening, or intimidating behaviour towards employees, whether verbal, written, electronic or physical, will not be tolerated.

In accordance with the Corporate Procedure on violence and aggression, employees should be categorised using the control menu. Control measures will be documented on the Violence & Aggression Risk Assessment. The risk assessment will be shared with relevant employees and reviewed on a regular basis

Employees must report all violent and aggressive incidents using the Violent Incident Report form available from Marie Lockton, Welfare Officer. Incidents will be appropriately investigated, and control measures reviewed to reduce the risk of similar incidents occurring in the future. Incidents will be reported as close to the incident date as possible.

Violent incidents between children will be reported locally using CPOMS.

If a child is injured following violence between children, it will be reported as an accident on the online reporting system

28. Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety, and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with a visitors badge and information regarding health and safety is included as part of the sign in process.

Whilst on site visitors will be supervised by an appropriate member of staff.

29.Vulnerable Persons

Where there are vulnerable persons (for example a young person, new or expectant mother, someone with a disability or temporary or permanent medical conditions etc.) working or visiting the premises, a risk assessment will be completed. Appropriate procedures will be implemented and arrangements for the health, safety, and welfare of vulnerable persons on school premises will be suitably managed.

30.Work Equipment

All work equipment requiring statutory inspection and/or testing on site (for example, boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors.

All employees will check work equipment prior to use. Any defective or suspected defective equipment must be removed from use, reported to *Steve May* (Site Manager), and repaired or disposed of as soon as possible.

31.Work at Height

Work at height will be undertaken in accordance with the Corporate Procedure for Work at Height, and the Children's Services Health and Safety Team guidance. All general work at height will be carried out in accordance with the on-site general risk assessment. A separate risk assessment will be carried out for higher risk tasks.

The trained competent person for work at height on the premises will:

- Use steps, stepladders, and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to employees
- Provide stepladder and steps training to employees using the Children's Services Stepladder & Steps Safety user PowerPoint presentation
- Carry out and record periodic inspections of all ladders, stepladders, and podium steps used on-site
- Remove access equipment from use if defective or considered unsuitable for use

The competent person for work at height, and all other employees, are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers, and mobile elevated work platforms.

School employees are not permitted to work on roofs unless suitable edge protection and safe access arrangements are in place.
